Context

One Health Lewisham is a GP Federation established in 2017 that has grown out of four neighbourhood GP federations in the North, Centre, South East and South West of the South London Borough of Lewisham. OHL works to develop pan Lewisham ways of working, reduce variation, improve quality and support GP Practices. One Health Lewisham is a federation 37 GP practices, stretching from Blackheath to Bellingham, serving a population of 310,000 people. Lewisham's population is relatively young, with one in four residents aged under 19 years. The population aged 60 years and over represents - 1 - one in eight people in the borough. This contrasts with England as a whole, where one in four-five people is over 60. Lewisham is the 31st most deprived Local Authority area in England

Vision and values

One Health Lewisham as part of the local accountable care system as a trusted innovative partner within a confederal approach that demonstrably improves the lives and health of our patients whilst also reducing the whole system costs of healthcare provision.

We expect all our staff to share the values that are important to the company:

- Equity of quality and equity of access across the whole spectrum of Lewisham residents;
- Protecting and sustaining general practice whilst also supporting transformation;
- An organisation that is sustainable, self-sufficient, imaginative, innovative, courageous, entrepreneurial and unafraid to say "no".

GP Clinical Lead, OHL Home Visiting Service

Job Description

The OHL Home Visiting Service

The demand for primary care services in London is increasing and new and innovative ways are having to be found in order to meet the varied needs of patients. New services must strive to improve outcomes for patients whilst simultaneously being efficient and integrating with other local services as appropriate.

The Lewisham Home Visiting Service is an OHL developed service which will support local GP Practices by conducting rapid home visits by clinicians to housebound patients in order to deliver care in the community and help them to manage their demand.

GP Clinical Lead

The GP Clinical Lead will be the clinical lead for the service. This will involve providing strong and effective clinical leadership by:

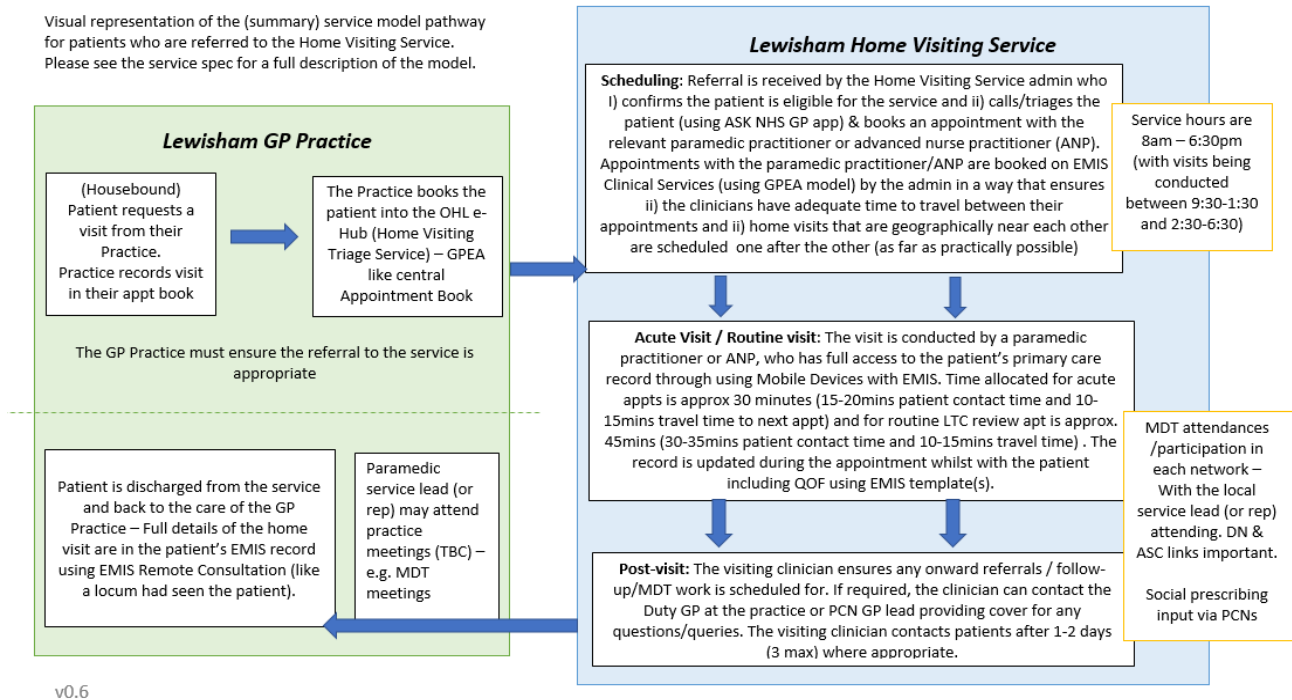

- Working closely with the senior paramedic practitioner who will be running the day to day service
- Providing clinical input into the service development initially and throughout the pilot service
- Supporting the clinical team within the home visiting service when required: this involves a senior paramedic practitioner, a paramedic practitioner and an advanced nurse practitioner and reception team.
- Responsibility to ensure the service is run safely and effectively:
 - carrying out clinical audits and quality improvement and ensuring the service KPIs are met
 - Lead on significant event analysis, case reviews and complaints
- Ensure the service is delivered in a patient-centred manner
- Provide GP insight into the service, and ensuring that the service also meets the needs of GP member practices
- Develop and foster effective partnership working with other stakeholders, external agencies and healthcare providers (e.g. GP practices, district nurses, urgent care, care homes)
